Nunchaku Association of India: Ranking System Rules

1. Introduction

The *Nunchaku Association of India (NAI)* has established a ranking system to recognize and reward the achievements of athletes participating in various competitions across the country. This document outlines the rules and guidelines for the ranking system.

2. Competition Levels

Points are awarded based on the level of the competition. The NAI recognizes the following levels:

- **International Championships:** Highest level, including events like World Championships.
- **National Championships:** Includes all India-level tournaments.
- **Regional Championships:** State or regional-level competitions.
- **Local Tournaments:** District or city-level events.

3. Points Allocation

Points are awarded based on the athlete's placement in each competition. The points structure is as follows:

Position	International (Points)	National (Points)	Regional (Points)	Local (Points)
1st Place	1000	500	250	100
2nd Place	750	375	187.5	75
3rd Place	500	250	125	50
Participation	100	50	25	10

4. Ranking Calculation

Athletes' rankings are calculated by summing up their points from all eligible competitions over a 12-month rolling period. Older points are gradually reduced or dropped to emphasize recent performance.

Formula:

Total Ranking Points = (Sum of Points from All Competitions)

Example:

- 1st Place in International Championship: 1000 points
- 2nd Place in National Championship: 375 points
- 3rd Place in Regional Tournament: 125 points

Total Points = 1000 + 375 + 125 = 1500 points

5. Bonus Points

Bonus points are awarded for the following:

- **Defeating a higher-ranked opponent:** Additional 10% of the points for the match.
- **Winning multiple categories(e.g., Kata and Kumite):** Additional 50 points per event.
- **Special recognition:** Athletes displaying exemplary sportsmanship or performance may receive bonus points at the discretion of the NAI.

6. Penalties and Deductions

Points may be deducted for the following reasons:

- **Infractions:** Disqualification or penalties during a match result in a 50% reduction in points for that event.
- **Inactivity:** Athletes who do not participate in any competition for 6 months will lose 10% of their total points.

7. Ranking Period and Updates

- The ranking system operates on a rolling 12-month period.
- Rankings are updated monthly, reflecting the latest performances.
- The top 10 ranked players will be highlighted on the NAI's official website.

8. Appeals and Reviews

Athletes can appeal their ranking if they believe there has been a mistake in point calculation. Appeals must be submitted within 30 days of the rankings being published.
